

SANTA MONICA • MALIBU UNIFIED SCHOOL DISTRICT
SMMUSD welcomes you to the 2017-2018 School Year!

We begin the year excited to welcome new and returning students back to our excellent public schools. The Santa Monica-Malibu Unified School District is committed to ensuring an outstanding educational experience for all our students. We do so with the support of parents and communities that care deeply about the success of our students and our schools. Our hardworking educators bring their knowledge and expertise to classrooms each and every day, committed to ensuring meaningful learning and opportunities for all.

Having started with SMMUSD as Superintendent in January, I'm looking forward to this upcoming full school year with students, parents and staff — working together toward common goals and ensuring that all students are reaching their full potential. I've enjoyed getting to know many parents, staff and community members this year.

Our mission statement is: Extraordinary achievement for all students while simultaneously closing the achievement gap. As a district, we remain committed to this goal and, in support, have affirmed our commitment to Excellence through Equity through our Local Control Accountability Plan (LCAP). We have moved forward from insight to action focused on three LCAP goals: All graduates are ready for college and careers; English Learners will become proficient in English while engaging in a rigorous, standards-aligned core curriculum and all students engage in schools that are safe, well-maintained and family friendly. We held three State of Our Schools meetings for parents and staff in May discussing these goals. The State of Our Schools presentation is [online](#).

Our work with the Santa Monica-Malibu Education Foundation (SMMEF) is essential in achieving our goals. This partnership ensures that we have visual and performing arts programs in every elementary school (TK-5th grade); instructional assistants in all elementary schools to support student learning; and stretch grants in all schools (TK-12th grade) to allow schools to bolster their programs based on their own community needs and interests. We are so grateful for the local support from parents, staff, community members and businesses, that makes our district even better. For more information or to donate, please visit the [SMMEF](#) website.

We believe in the promise of public education and are fortunate to have community members who share our belief and who invest time, resources, advocacy and passion in support of our school district. Our purpose is to ensure that each student is afforded the opportunity to excel and be inspired about his or her own potential future. We are committed to providing each student with the knowledge, skills and abilities that form the foundation of a life filled with learning and success.

Please visit the district [website](#) and school websites for important information throughout the year. We are looking forward to a great school year!

Ben Drati

PARENT INVOLVEMENT

● Classroom Observations

Parents/guardians may observe instructional and other school activities that involve their child. Upon written request by a parent/guardian, the principal or designee shall arrange for a parental observation of a class or activity in a reasonable time frame providing reasonable accommodation to the parent/guardian and the teacher(s). A minimum notice of 24 hours/one school day is required, the principal or designee shall accompany the parent and, unless authorized otherwise, observations shall be limited to 20 minutes in length. The principal or designee will ensure the safety of students and staff members; prevent undue interference with instruction; and prevent harassment of school staff. The principal or designee reserves the right to deny or halt an observation that he/she believes will or is disruptive to instruction and classroom operations. [BP 1250, 5020; EC 49091.1]

● District Advisory Committees

Parents and community member are invited to apply for membership on any of the SMMUSD District Advisory Committees (see list below). The purpose of these committees is to, under the umbrella of Excellence through Equity, provide a method for the public and educators to better understand the attitudes and opinions that are held in the school-community environment. The committees serve in an advisory capacity to the Board of Education. For more information, please contact the Superintendent's Office, (310) 450-8338, ext. 70229.

Child Care & Development, Health & Safety, Intercultural Equity & Excellence, Special Education, and Visual & Performing Arts.

● Disruption in a Public School or Public School Meeting

Any person who willfully disturbs any public school or any public school meeting is guilty of a misdemeanor, and shall be punished by a fine of not more than five hundred dollars (\$500). [EC 32210]

ATTENDANCE

● Attendance Options

A minor between the ages of 6 and 18 is subject to compulsory education and, unless exempted, must enroll in school in the school district in which the residence of either the parent or legal guardian is located. A pupil may alternatively comply with the residency requirements for school attendance in a school district, if he or she is any of the following: placed in a foster home or licensed children's institution within the boundaries of the school district pursuant to a commitment of placement under the Welfare and Institutions Code; a pupil who is a foster child who remains in his or her school of origin; an emancipated pupil who resides within the boundaries of the school district; a pupil who lives in the home of a caregiving adult that is located within the boundaries of the school district; or a pupil residing in a state hospital located within the boundaries of the school district. [EC 48200, 48204; ne]

The governing board annually reviews attendance options including how students may attend a district school outside their attendance area (intra-district transfer). This district has non-arbitrary rules explaining how students may apply, be accepted or denied intra-district transfer. Many districts, by agreement, also allow the transfer of students from or to other districts (inter-district transfer). Victims of bullying or violence are given preference in inter-district transfers. In some cases, the district must provide transportation. Students attending "persistently dangerous" schools can transfer and enroll in a safe school. Districts cannot prevent children of active military from changing districts, as long as the district chosen agrees to accept them. Upon enrollment or transfer, principals are urged to check missing children information. Further information about residency, attendance options, special program options, etc. will be provided by the California Department of Education. [EC 46600, 48204, 48206.3, 48300, 48301, 48306, 48980, 49068, 51101; 20 USC 7912]

Intradistrict Open Enrollment

The Board of Education desires to provide enrollment options that meet the diverse needs and interests of district students. The Superintendent or designee shall establish procedures for the selection and transfer of students among district schools in accordance with law, Board policy, and administrative regulation.

The parents/guardians of any student who resides within district boundaries may apply to enroll their child in any district school, regardless of the location of residence within the district.

The Board shall annually review this policy.

Enrollment Priorities

Priority for attendance outside a student's attendance area shall be given as follows:

1. The Board believes it is the best interest of students that firm ties are established between families and schools. Therefore, once a family has received an intradistrict permit, the receiving school shall be regarded as the home school of that family, and all siblings in the family may attend that school. Enrollment of intradistrict siblings will be automatic, and shall not be subject to permit priorities or space availability.
2. If a district school receiving Title I funds is identified for program improvement, corrective action, or restructuring, all students enrolled in that school shall be provided an option to transfer to another non-Title I district school or charter school.
3. If while on school grounds a student becomes the victim of a violent criminal offense, he/she shall be provided an option to transfer to another district school or charter school.
4. If a student attends a school designated by the California Department of Education as "persistently dangerous," he/she shall be provided an option to transfer to another district school or charter school.
5. The Superintendent or designee may approve a student's transfer to a district school that is at capacity and otherwise closed to transfers upon finding that special circumstances exist that might be harmful or dangerous to the student in the current attendance area, including, but not limited to, threats of bodily harm or threats to the emotional stability of the student.

To grant priority under these circumstances, the Superintendent or designee must have received either:

- a. A written statement from a representative of an appropriate state or local agency, such as a law enforcement official, social worker, or a properly licensed or registered professional, such as a psychiatrist, psychologist, or marriage and family therapist
- b. A court order, including a temporary restraining order and injunction

For all other applications for enrollment from outside a school's attendance area, the Superintendent or designee shall use a random, unbiased selection process to determine who shall be admitted whenever the school receives admission requests that are in excess of the school's capacity. A school's capacity shall be calculated in a nonarbitrary manner using student enrollment and available space.

Enrollment decisions shall not be based on a student's academic or athletic performance, except that existing entrance criteria for specialized schools or programs may be used provided that the criteria are uniformly applied to all applicants. Academic performance may be used to determine eligibility for, or placement in, programs for advanced learners (gifted and talented students).

No student currently residing within a school's attendance area shall be displaced by another student transferring from outside the attendance area.

Transportation

Except as required by 20 USC 6316 for transfers out of Title I program improvement schools, the district shall not be obligated to provide transportation for students who attend school outside their attendance area. [BP 5116.1 March 2016; EC 200, 35160.5, 35291, 35351, 46600-46611, 48200, 48204, 48300-48316, 48350-48361, 48980; 5 CCR 11992-11994; 20 USC 6316, 7912; 34 CFR 200.36, 200.37, 200.39, 200.42, 200.43, 200.44, 200.48]

As the parent of a student you have many rights and responsibilities. This booklet talks about many of those and laws, policies and statutes which cover them. We suggest you read it. We must get the signed form returned or your child may not be able to attend classes. This page talks about when your child is absent from school. Only in certain cases is it permissible for a student to miss school.

Teachers build your child's education one day at a time, so every day is essential. In elementary, middle, junior, and high school, moving ahead, or even graduation, can be put in jeopardy if too many days are missed. Work with the teacher when a child must miss school. Get homework assignments and review work. There is only one chance to get a great education.

Interdistrict Attendance

- A. Although students generally must attend school in the district and school where their residence has been established, the Santa Monica-Malibu School District Board of Education recognizes justifiable reasons for interdistrict permits. Upon request, the Superintendent or designee may accept students from other districts and may allow students who live within the district to transfer to another school within the district or out of the district.

Parents must submit verification of continuing enrollment annually. Students enrolled prior to the 2005-06 school year on a PERT or DERT permit will not be affected by this change.

Involuntary loss of housing resulting from: apartments being removed from the rental market (Ellis Act), buildings being red-tagged, or evictions should not interfere with a child completing his/her education in the Santa Monica-Malibu Unified School District. The permit office will require the applicant to obtain verification from the Rent Control Department or other appropriate legal agency. These students will be allowed to remain in their schools for the remainder of the year in which their housing has been lost. In addition, they will be allowed to remain in SMMUSD as permit students in subsequent years provided they meet all the conditions of students attending SMMUSD on permit and submit a verification of continuing enrollment annually. The Ellis Act allows California apartment owners to evict tenants if the landlords intend to withdraw their units from the rental market.

Students "in good standing" who have been attending school/s within SMMUSD as a resident of the district for a minimum period of three complete school years, and subsequently relocate outside the boundaries of SMMUSD, will be allowed to remain in the Santa Monica-Malibu School district as permit students, upon receiving a permit release from their district of residence and meeting all the conditions of students attending Santa Monica-Malibu Unified School District on a permit. Permits will be granted per the language of sections D and F below.

- B. Permits of this type are to be initiated by the student's parent or guardian who attests to the fact or shows evidence that the permit would be in the student's best interests. Cancellation of the permit shall occur if certain provisions are not adhered to by the student or parent/guardian, or if overcrowding should occur at the school of acceptance.
- C. The Board is committed to providing a quality education for all district students legally enrolled and will provide fair and consistent treatment for students and parent/guardians regardless of their residence or permit status. All applications for a permit will be treated in a fair and consistent manner.
- D. Final approval of permits for all students, including students needing specialized programs, including, but not limited to, advanced learners, special education, and English learners, shall rest at the district and shall be contingent upon space, budget and staff availability. Additionally, approval is contingent on applicants demonstrating they meet requirements for

retaining a permit including standards of behavior, attendance and academic effort. The district will not pay excess costs to provide specialized services to students on permit.

- E. The district will accept applications for interdistrict permits in grades TK through 11. Permits will be granted per the language of section D. above.
1. The total number of all new interdistrict permits that will be accepted and approved for the 2016 - 2017 school year will not exceed 350.
 - a. The total number of new permits accepted and approved for kindergarten will not exceed 100.
 - b. The total number of new permits accepted and approved for grades 1 through 5 will be issued on a space available basis.
 - c. The total number of new permits accepted and approved for John Adams Middle School and Lincoln Middle School for grade 6 will not exceed 10.
 - d. The total number of new permits accepted and approved for grades 7 and 8 at John Adams Middle School and Lincoln Middle School will not exceed 10 per grade level.
 - e. The total number of permits accepted and approved for grades 9 through 11 at Santa Monica High School will not exceed 20 per grade level.
 - f. Permits will be accepted to Olympic High School on a case by case basis for students currently enrolled in SMMUSD.
 - g. The district will continue to accept all qualifying permit applications to Malibu schools.
 - h. International High School students will be accepted and approved on a case-by-case basis.
 2. All students currently attending on an interdistrict permit will be allowed to remain in the district until they leave or graduate, assuming that they submit a verification of continuing enrollment annually and uphold appropriate standards of behavior, attendance, and academic effort. Interdistrict attendance permits for 11th and 12th graders may not be rescinded.
 3. Guidelines applied to SMASH, Edison, and the immersion program through Grade 8, and our preschools remain in effect.
- F. Requests for new permits will be granted in the following order (Based on the timelines identified in Administrative Regulations 5117):
1. Intradistrict permits allowing children who are residents of the cities of Santa Monica and/or Malibu to attend a school other than their neighborhood school;
It is the intention of the district to provide same-school placement for all siblings in a family once an intradistrict permit has been granted, except in cases where students need a specialized program which is only available on another campus.

2. If a district school receiving Title I funds is identified for program improvement, corrective action, or restructuring, all students enrolled in that school shall be provided an option to transfer to another non-Title I district school or charter school. (20 USC 6316)
3. Interdistrict permits for children of employees of the Santa Monica-Malibu Unified School District [certificated, classified, management, full and part-time (a minimum of 15 hours per week)];

It is the intention of the district to provide a seat in a district school (K-12) to all children of district employees who have requested a new interdistrict permit, with the understanding that Section D will be considered. Staff will do its best to accommodate requests for a specific school but will not guarantee requested placement. On-going permit holders are not affected and will continue in the home school being currently attended.

4. If space, staffing and budget allow, interdistrict permits for:
 - a. Those students “in good standing” who have been attending school/s within SMMUSD as a resident of the district, for a minimum period of three complete school years, and subsequently relocate outside the boundaries of SMMUSD. Permits will be granted per the language of section D above.
 - b. Siblings of current interdistrict permit holders. If a permit is received (granted) there is no guarantee of same-school placement. On-going permit holders are not affected and will continue in the home school being currently attended.
 - c. International High School students on a case-by-case basis.
 - d. Children of employees of the cities of Malibu or Santa Monica.
 - e. Children of full-time, permanent employees of Santa Monica College.
 - f. Children of alumni of Santa Monica High School, Malibu High School, or Olympic High School. Parent must attach a copy of graduation diploma to the permit application.
 - g. Grandchildren of individuals who have been living within the boundaries of SMMUSD for a minimum of five years.
 - h. Children of individuals working within the boundaries of SMMUSD.
 - i. Students requesting to be admitted who do not meet any criteria described in Section F1-F4h.

Open Enrollment

Due to the transition to the new California Assessment of Student Performance and Progress system, the open enrollment list for 2017-2018 cannot be calculated. The

District had at least one school on the list of 1,000 low-achieving schools for the 2015-2016 school year. For information about transferring to a different school under this provision, please contact the District Office. [EC 48350-48361, 51101]

Victim of a Violent Crime

A student who becomes a victim of a violent criminal offense while in or on the grounds of a school that the student attends, has the right to transfer to another school within the district. The District has 14 calendar days to offer students the option to transfer. [20 USC 7912]

Custody Issues

Custody disputes must be handled by the courts. The school has no legal jurisdiction to refuse a biological parent access to his/her child and/or school records. The only exception is when signed restraining orders or proper divorce papers, specifically stating visitation limitations, are on file in the school office. Any student release situation which leaves the student’s welfare in question will be handled at the discretion of the site administrator or designee. Should any such situation become a disruption to the school, law enforcement will be contacted and an officer requested to intervene. Parents are asked to make every attempt not to involve school sites in custody matters. The school will make every attempt to reach the custodial parent when a parent or any other person not listed on the emergency card attempts to pick up a child.

General Absences

Children cannot learn if they are not in school. Children learn early about being on time and not missing school. For students 6 to 18 years old, daily school attendance is compulsory. Daily school attendance improves student achievement. Teach your child to be on time and that school attendance is an important family value.

It is also important that you know the state only awards funding to school districts for actual attendance. The state no longer funds districts for the excused absences listed below. Always review the school calendar and plan activities and vacations during days off. No pupil whose attendance is excused shall have grades or academic credit lost if assignments and tests can be reasonably completed.

Other attendance reports, such as truancy, still rely on excused and unexcused absences. There are legal consequences if your child misses too much school. You must send a note and/or phone the school within 72 hours to clear any excusable absences. Parents/Guardians have the right to be notified on a timely basis if their child is absent from school without permission. Unexcused absences result in a recorded truancy.

1. Notwithstanding EC 48200, a pupil shall be excused from school when the absence is:
 - A. Due to his or her illness.

- B. Due to quarantine under the direction of a county or city health officer.
 - C. For the purpose of having medical, dental, optometric, or chiropractic services rendered.
 - D. For the purpose of attending the funeral services of a member of his or her immediate family, so long as the absence is not more than one day if the service is conducted in California and not more than three days if the service is conducted outside California.
 - E. For the purpose of jury duty in the manner provided for by law.
 - F. Due to the illness or medical appointment during school hours of a child of whom the pupil is the custodial parent.
 - G. For justifiable personal reasons, including, but not limited to, an appearance in court, attendance at a funeral service, observance of a holiday or ceremony of the pupil's religion, attendance at religious retreats, attendance at an employment conference, or attendance at an educational conference on the legislative or judicial process offered by a nonprofit organization when the pupil's absence is requested in writing by the parent or guardian and approved by the principal or a designated representative pursuant to uniform standards established by the governing board.
 - H. For the purpose of serving as a member of a precinct board for an election pursuant to Section 12302 of the Elections Code.
 - I. For the purpose of spending time with a member of the pupil's immediate family, who is an active duty member of the uniformed services, as defined in Section 49701, and has been called to duty for, is on leave from, or has immediately returned from, deployment to a combat zone or combat support position. Absences granted pursuant to this paragraph shall be granted for a period of time to be determined at the discretion of the superintendent of the school district.
 - J. For the purpose of attending the pupil's naturalization ceremony to become a United States citizen.
 - K. Participation in religious instruction or exercises in accordance with district policy.
2. A pupil absent from school under this section shall be allowed to complete all assignments and tests missed during the absence that can be reasonably provided and, upon satisfactory completion within a reasonable period of time, shall be given full credit thereof. The teacher of any class from which a pupil is absent shall determine the tests and assignments, which shall be reasonably equivalent to, but not necessarily identical to, the tests and assignments that the pupil missed during the absence.
 3. For purposes of this section, attendance at religious retreats shall not exceed four hours per semester.
 4. Absences pursuant to this section are deemed to be absences in computing average daily attendance and shall not generate state apportionment payments.

5. "Immediate family," as used in this section, has the same meaning as that set forth in Section 45194, except that references therein to "employee" shall be deemed to be references to "pupil." [EC 48205, 51101]

Districts may allow students, with parental or guardian consent to be excused to participate in moral or religious exercises or instruction. [EC 46014]

☰ Minimum Days/Pupil Free Staff Development Days

If your child will be affected by minimum days or staff development days, we will give you at least one month's notice. The dates that were known at press time are printed in the calendar in this booklet. [EC 48980(c)]

☰ Leaving School at Lunch Time

"The governing board of the Santa Monica Malibu Unified School District, pursuant to Section 44808.5 of the Education Code, has decided to permit pupils enrolled at Malibu High School (grade 12) and Santa Monica High School (grades 10 through 12) to leave the school grounds during the lunch period. Neither the school district nor any officer or employee thereof shall be liable for the conduct or safety of any pupil during such time as the pupil has left the school grounds pursuant to this section." [EC 44808.5]

☰ Attendance Where Caregiver Resides

If your child lives in the home of a caregiving adult, as defined by law, or a foster home your child may attend the school district in which that residence is located. [EC 48204(a), 48980(h); FC 6550-6552]

☰ Attendance in District in Which Parent/Guardian is Employed

The district may, but is not required to accept a transfer student whose parent/guardian resides outside the boundaries of the school district but is employed and lives with the student at the place of his/her employment within the boundaries of the school district for a minimum of three days during the school week; or a student whose parent/guardian physically works within the boundaries of the school district for a minimum of 10 hours during the school week. [EC 48204(7), 48980(i)]

☰ Enrollment of Homeless or Foster Youth

Foster and homeless children living in the District shall be permitted to attend a school in the District unless they: 1) stay enrolled at their school of origin outside the District, 2) their IEP indicates attendance elsewhere, or 3) the parent or guardian, with knowledge of all options, declares in writing otherwise. They also have rights to immediate enrollment in school, site and program attendance, and free after school

programs. [EC 48204, 48850-48859, 48645.3, 51225.1, 56055; 5 CCR 4622; WIC 361, 726]

● Individualized Instruction

If your child has a temporary disability preventing him/her from attending regular classes, the district will provide individual instruction when possible. [EC 48206.3, 48980(b)]

● Pupils in Hospitals Outside of School District

If, due to a temporary disability, your child is in a hospital or other residential health facility, which is located outside your school district, he/she may be eligible to attend the school district in which the hospital is located. [EC 48207] If this situation should arise, you should notify both the district where you reside and where the hospital is located so that individualized instruction, if possible, can be provided. [EC 48208]

● Truancy

The state defines three levels of truancy, each carrying more severe penalties for both the student and the parents or guardians. The three are truant, chronic truant and habitual truant.

Truant: The state says a student is truant after missing three days of school or three 30-minute periods without a valid excuse.

Habitual Truant: If a student is truant three or more times in a school year and an effort is made to meet with parents, then the student is a habitual truant.

Chronic Truant: A chronically truant student has missed 10 percent or more school days in a school year.

Interventions: Students who are habitually truant, miss a lot of school or disorderly can be referred to a student attendance review board (SARB), a district attorney mediation program, or the county probation department. Through these programs the student can be given guidance to meet special needs for improving attendance or improving school behavior. The goal is to intervene before a student enters the juvenile justice system or drops out. [EC 48260, 48260.5, 48261, 48262, 48263, 48263.5, 48263.6, 48264.5, 48291, 48293, 48320; PC 270.1, 830.1; WIC 256, 258, 601.3; VC 13202.7]

● Notice of Alternative Schools

California state law authorizes all school districts to provide for alternative schools. Section 58500 of the Education Code defines alternative school as a school or separate class group within a school which is operated in a manner designed to: (a) Maximize the opportunity for students to develop the positive values of self-reliance, initiative, kindness, spontaneity, resourcefulness, courage, creativity, responsibility, and joy. (b) Recognize that the best learning takes place when the student learns because of his desire to learn. (c) Maintain a learning situation maximizing student self-motivation and encouraging the student in his own time to follow his own interests. These interests may be conceived by him totally and independently or may result in whole or in part from a presentation by his teachers of

choices of learning projects. (d) Maximize the opportunity for teachers, parents and students to cooperatively develop the learning process and its subject matter. This opportunity shall be a continuous, permanent process. (e) Maximize the opportunity for the students, teachers, and parents to continuously react to the changing world, including but not limited to the community in which the school is located.

In the event any parent, pupil, or teacher is interested in further information concerning alternative schools, the county superintendent of schools, the administrative office of this district, and the principal's office in each attendance unit have copies of the law available for your information. This law particularly authorizes interested persons to request the governing board of the district to establish alternative school programs in each district. [EC 58501]

INSTRUCTION AND CURRICULUM

● District Courses

Annually the District prepares curriculum, course titles, aims, and descriptions in a prospectus. The prospectus is available at each school site and may be reproduced at cost. Parents/Guradians have the right to review all course material. [EC 49091.14, 51101; PPRA]

● Academic and Non-Academic Courses, Classes, Electives, Activities, Sports, and Related Facilities

State and federal policies require academic and nonacademic courses, classes, electives, school-related activities, team sports, athletic competitions, and school facilities be available to all students without regard to their gender or gender identity, and irrespective of the gender listed in their records. Staff will not counsel students into programs, courses, or careers based on their gender or gender identity. [EC 221.5, 221.8, 49600; GC 11135, 11138; Title VI, Title IX; § 504; California Interscholastic Federation (CIF) 300D]

● California State Academic Standards

California along with most other States developed and adopted common academic standards in core curriculum areas. They are rigorous, internationally benchmarked, and research- and evidence-based.

Each state, and each district in California decides how they will teach and what resources they will use. More information can be found at www.cde.ca.gov/re/cc/ or www.corestandards.org. California launched a new computer-based student testing system that ties to the standards for English language arts and mathematics called the California Assessment of Student Performance and Progress (CAASPP). This new system replaces the Standardized Testing and Reporting (STAR) Program that was based on 1997 standards.

Per California Education Code section 60615, parents can opt their children out of the following 2017-18 CAASPP

testing by submitting a written letter to their child’s school: Smarter Balanced Summative Assessments (including Interim Assessments) for English language arts/literacy (ELA) and mathematics in grades 3 through 8 and 11; Alternative Assessments for ELA and mathematics in grades 3 through 8 and 11; Science assessments in grades 5, 8, and 10 (i.e., California Standards Tests (CSTs), California Modified Assessments (CMA), and California Alternative Performance Assessment (CAPA). ● LCFF and LCAP

The LCFF (Local Control Funding Formula) changes the way the State provides money to school districts. Under this new system, school districts receive a uniform base grant for every student, adjusted by grade level. Plus they receive adjustments for the number of students living in poverty, English learners, and foster youth. Then there are further adjustments for concentration of these groups if they are above 55% of the district’s enrollment. More information about the LCFF is available at www.cde.ca.gov/fg/aa/lc/.

The LCAP (Local Control Accountability Plan) is a critical part of the LCFF. Each school district is required to engage parents, students, educators, employees, and the community to establish their plan. Anyone can comment to the school board regarding LCAP proposals or expenditures either by submitting comments in writing or at a public hearing held by the school board for that purpose. The plan must describe the overall vision for students, annual goals including language acquisition, and specific action to achieve these goals. The LCAP must focus on eight areas identified as State priorities. The plan will demonstrate how the district’s budget will help achieve the goals, and annually assess how well the strategies improved outcomes. Complaints regarding LCAP may be filed anonymously. [EC 305, 52060, 52062, 52066]

Homeless, Foster, and Juvenile Court Youth

Foster and homeless youth also have special rights associated with college, and certain considerations in school discipline. The District Uniform Complaint Procedure may be used to file a complaint. University of California/California State University Admissions

Admission to the California State Universities requires a minimum 15-unit pattern of courses for admission as a first-time freshman. Each unit is equal to a year of study in a subject area. A GPA of 2.0 (C) or higher is required for regular admission. Admittance is based on an eligibility index that combines multiple items. Transfer students are accepted.

Admission to the University of California requires completion of the 15 yearlong high school course list. These courses are also known as the "a-g" subjects. At least seven of the 15 yearlong courses must be taken in the students

last two years of high school. A GPA of 3.0 (B) or higher is required for California residents. [EC 48980, 51229]

SCHOOL RECORDS AND STUDENT ACHIEVEMENT

Pupil Records

You and your children over 18 have the right to review, get copies, and inspect their school records within five business days of a written or oral request or before any meeting regarding an individualized education program or a hearing. Those records are confidential, and privacy will be maintained, except in some instances such as when your child transfers to another school. In some instances information about your child may be released to District staff, foster agencies, after school program operators, summer camp operators, lawyers, law enforcement, state researchers, and nonprofit researchers. Sharing of pupil records must conform to federal laws and in some cases must be approved by the State Committee for Protection of Human Subjects. The records include transcripts, discipline letters, commendations, attendance, and health. The records are maintained at the school site by the principal. There is someone to help interpret the material. When more than one child is named in the records, parents may only see material related to their child. If requested, the district will provide a list of types and locations where materials are held. There is a log of who has viewed the records that is kept at the same location. District policy or administrative regulation 5125 sets forth the criteria by which school officials and employees can look and change

or delete the files and why. Files may be reviewed to identify students eligible for public school choice or supplemental educational services. You may have copies made for twenty-five cents (25¢) per page. If you cannot afford the cost of copies they will be provided free of charge. You also have the right to file a written request with the superintendent challenging the records. You can challenge how your request was handled with the district or with United States Department of Education if you think there is an inaccuracy, unsubstantiated conclusion or inference, a conclusion outside the observer's expertise, comment not based on personal observation with time and date noted, misleading information, or violation of privacy rights. You will get to meet with the superintendent or designee within 30 days. If your challenge is sustained, the changes will be made. If not, you can appeal to the school board, which has final authority. If you still have a different view, your view can be included in the student's record. [EC 8484.1, 49063, 49060, 49068, 49069, 49069.3, 49070-49079.7, 51101, 56043, 56504; CC 1798.24(t); FERPA; 20 USC 1232(g); 34 CFR 99]

Student Data from Social Media Websites

School Districts may now adopt a plan to gather student information from social media websites. The Governing Board has not adopted such a plan, but may consider it in the future. The information would pertain only to student or school safety, and must be destroyed within one year of the student leaving the District or turning 18. [EC 49073.6]

Pictures, Press Releases, and Publicity

The Santa Monica-Malibu Unified School District, the Santa Monica Malibu Education Foundation, and the Santa Monica-Malibu PTA Council work cooperatively with the local and metropolitan media to keep the community informed about school activities and student achievement. Directory-type information may be used to identify students in such news stories. Photographs of groups of students, such as at a school event, may also be published provided the students' names are not included and whose parents/guardians have requested no publication. Please review, sign, and return the Student Release Form (General Filming & Recording).

Regulations Regarding Pupil Achievement

The Board of Education believes good communication between parents and teachers is important in the educational process. All appropriate forms of communication should be used. The progress report should reflect student progress in classwork and proficiency levels and indicate educational growth in relation to the student's ability, citizenship and effort. [EC 49067]

School Accountability Report Card

The School Accountability Report Card is available on request, and is available annually by February 1st on the Internet at www.smmusd.org/SARC. It contains information

about the district and school regarding the quality of programs and its progress toward achieving stated goals. A copy will be provided upon request. [EC 33126, 32286, 35256, 35258, 51101]

Teacher Qualifications

A provision of this Title I part of the law requires all districts to notify parents of all children in Title I schools that they have the right to request and receive timely information on the professional qualifications of their children's classroom teachers and paraprofessionals. [ESEA; 20 USC 6311; 34 CFR 200.61]

Release of Directory Information

The school is responsible for keeping students records. Both parents have absolute access to records unless prohibited by court order. These records, including supplementary records are under the general custodianship of the Director of Student Services, 1651 Sixteenth St., Santa Monica, CA 90404.

With the exception of directory-type information, the law limits access to information in student records without parental consent to, generally: school and district personnel with legitimate education interest; a school to which a student is transferring, in which case the parent is notified by the school district requesting the record or transfer of information; specified federal and state education administrators; prospective grantors of students financial aid; state and local agencies concerned with the health and safety of students in cases of emergency, immunization programs and programs for the control of communicable disease.

Unless authorized by state and/or federal law or regulation, no other requests for student information by individuals or organizations will be honored without a written statement signed by the parent that authorizes its release.

Unless prohibited by a parent's request, the following directory type information will be released; student's name, address, telephone number, email address, date of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous school attended by the student. *If you do not want the District to disclose directory information from your child's education records without your prior written consent, you must notify the district or your school site in writing by September 1st of each school year.*

Any combination of the above could be released, along with student's voluntary response to District-approved tests or surveys.

Organizations that may request directory-type information are: media, PTA and other school-affiliated organizations, Santa Monica-Malibu Education Foundation

(SMMEF), potential employers or employers, private and public schools and colleges approved by the California State Superintendent of Public Instruction and Universities, employment/ recruitment representatives of private industry, state and local government agencies including law enforcement, and U.S. military forces. Individuals or organizations doing educational research with District approval. [EC 49061(c), 49070, 49073(c), 56515; FERPA; ESEA; ne]

☛ School Safety Plan

Every year, each school shall review and update its plan by March 1. Each school shall make its plan public and shall share the plan with numerous community leaders, school site personnel, and parent groups. Plans should, among other things, provide guidance for the response to and/or the prevention of bullying, child abuse, and disasters. Key elements are to be described in the School Accountability Report Card. Planned responses to criminal incidents need not be disclosed. The Uniform Complaint Procedure can be used regarding School Safety Plan compliance. [EC 32281, 32282.1, 32286, 32288, 32289, 51101]

☛ Student Use of Technology

The Board of Education recognizes that technology provides ways to access the most current and extensive sources of information. Technology also enables students to practice skills and to develop reasoning and problem-solving abilities. In addition, electronic resources foster workplace skills that may be transferable to new technologies. Every effort shall be made to provide equal access to technology throughout the district's schools and classes.

A. On-Line Services/Internet Access – The Board intends that the Internet and other on-line resources provided by the district be used to support the instructional program and further student learning.

The Superintendent or designee shall establish regulations governing student access to technology that are age appropriate. These regulations shall prohibit access to

harmful matter on the Internet which may be obscene or pornographic and preclude other misuses of the system. In addition, these regulations shall establish the fact that users have no expectation of privacy and that district staff may monitor or examine all system activities to ensure proper use of the system. Students who fail to abide by district rules shall be subject to disciplinary action, revocation of the user account and legal action as appropriate.

Because the Internet contains an unregulated collection of resources, the district cannot guarantee the accuracy of the information or the appropriateness of any material that a student may encounter. Therefore, before using the district's on-line resources, each student and his/her parent/guardian shall sign and return the District's Telecommunications User Agreement. This agreement shall specify user obligations and responsibilities and shall indemnify the district for any damages. The parent/guardian shall agree to not hold the district responsible for materials acquired by the student on the system, for violations of copyright restrictions, users' mistakes or negligence or any costs incurred by users.

Staff shall supervise students while using on-line services and may ask teacher aides and student aides to assist in this supervision.

The Superintendent or designee shall establish administrative regulations governing use of the district's on-line services. The Superintendent shall ensure that users have no expectation of privacy and understand that district staff may monitor or examine all system activities to ensure proper use of the system. Students who fail to abide by these regulations shall be subject to disciplinary action, revocation of the user account and/or legal action as appropriate.

B. Internet Filtering – All school sites shall utilize and maintain an Internet filtering system that will prevent access to Internet/web sites whose content is in violation of provisions of laws of the State of California, Education Code and/or Board Policy. The Superintendent or designee shall be responsible for establishing guidelines and procedures for the operation and maintenance of Internet filtering systems.

☛ Services to Disabled Pupils

If you have reason to believe your child (ages 0 through 21 years) has a disability requiring special services or accommodations, tell or write the school. Your child will be evaluated to determine whether he/she is eligible for free special or modified instruction or services.

The District wants to locate, identify and assess all children with disabilities whether homeless, wards of the state, enrolled in public or private schools. Students identified with special needs will receive a Free Appropriate Public Education in the least restrictive environment. [EC 48853, 56020 et seq., 56040, 56301; 5 CCR 4622; 20 USC 1412, (10)(A)(ii), 1412(a)(6)(A); 34 CFR 300.121]

● **Advanced Placement Examination Fees**

State funding is available to qualified low-income students to assist in paying all or part of Advanced Placement exams. [EC 48980(k), 52240]

● **Pupil Fees**

While there are limited exceptions, families and students should not have to pay fees for most items related to public education. There are four types of fees identified in Education Code:

Pupil Fees: No fees or deposits can be required or collected for items including, but not limited to, materials, supplies, equipment, uniforms (i.e. band, cheerleading, basketball), lockers, locks, books, class apparatus, musical instruments.

Educational Activity Fees: No fees can be required or collected for student participation in an event or activity, either curricular or extracurricular, that is an essential part of a student's education or for transportation to those events. There can be no fees required for registering or participating in regular or extra classes.

Voluntary Donations: While voluntary donations may be suggested for activities, no student may be denied participation based on the family's ability to make a donation.

Exceptions – When fees may be required: By law, there are exceptions to the prohibition against charging of fees or deposits. These exceptions include, but are not limited to, transportation to non-essential activities, non-essential events where attendance is optional (such as a school dance), food served to students, damage to district provided materials such as textbooks, cost of community service classes, and fingerprinting. Money may also be collected for material used for projects that a student will be taking home, such as, material used in a career class like as woodshop or sewing. The Uniform Complaint Procedure can be used regarding pupil fee compliance. A complaint may be filed with the school principal, and may be filed anonymously.

HEALTH SERVICES

● **Immunizations**

Students must be immunized against certain communicable diseases. Students are prohibited from attending school unless immunization requirements are met for age and grade. The school district shall cooperate with local health officials in measures necessary for the prevention and control of communicable diseases in school age children. The district may use any funds, property, or personnel and may permit any person licensed as a

physician or registered nurse to administer an immunizing agent to any student whose parents have consented in writing.

Beginning January 1, 2016, parents of students in any school, will no longer be allowed to submit a personal beliefs exemption to a currently required vaccine. A personal beliefs exemption on file at school prior to January 1, 2016 will continue to be valid until the student enters the next grade span at kindergarten (including transitional kindergarten) or 7th grade. Students are not required to have immunizations if they attend a home-based private school or an independent study program and do not receive classroom-based instruction. However, parents must continue to provide immunizations records for these students to their schools.

The immunization requirements do not prohibit students from accessing special education and related services required by their individualized education programs.

This requirement does not apply in at least the following instances:

- If note from physician is supplied saying physical or medical condition does not allow vaccination.
- If a homeless student is enrolling.

The required immunizations are available through a usual source of medical care, County Health Department, a school nurse, or may be administered by a health care practitioner acting under the direction of a physician. Immunizations may be given at school. There may be funds for those who cannot access services.

Parents or guardians may refuse to allow the sharing of personal information related to their child's immunization records by notifying the County Health Department listed in this section. [HSC 120325, 120335, 120338, 120370, 120375, 120400, 120405, 120410, 120415, 120480; EC 48216, 49403, 48852.7; 17 CCR 6000-6075; 42 USC 11432(C)(i); ne]

If you need further information on immunizations, please go to shotsforschool.org.

● **Communicable Diseases**

Anything to the contrary withstanding, the governing board of any school district will cooperate with the local health officer in measures necessary for the prevention and control of communicable diseases in school age children. For that purpose, the Board may use any funds, property and personnel of the District, and may permit a licensed physician and surgeon to administer an immunizing agent to any student whose parents have given written consent to the administration of such an immunizing agent. If an outbreak of a communicable disease occurs at a school, the non-immunized student will be excluded for his/her own safety until such time as directed by health officials or district administration. [EC 49403]

📋 Physical Examinations

For each child enrolling in the District for the first time, including for kindergarten or first grade, the parent or guardian must present a certificate, signed by a physician, verifying that the child has received a physical examination within the last 18 months. If your child does not receive this exam, you must file a waiver with the school district stating the reasons you are unable to obtain such services. You may have your child immunized at the same time that the physical examination is conducted. [EC 49450; HSC 124085, 124100, 124105]

These services may be available to you at no cost through the Child Health and Disability Prevention Program (CHDP). For information, you may contact:

Westside Women's Health Center, (310) 450-2191
1711 Ocean Park Boulevard, Santa Monica, CA 90405
or

Venice Family Clinic, (310) 392-8636
2509 Pico Boulevard, Santa Monica, CA 90405

If you want your child to be exempt from physical examinations at school, file a written statement annually with the school refusing such an exam. However, when there is a good reason to believe that your child is suffering from a recognized contagious or infectious disease, he/she may be sent home and shall not be permitted to return to school until the contagious or infectious disease does not exist. [EC 49451; PPRA]

📋 Kindergarten and/or First Grade Oral Health Assessment

Many things impact a child's school progress and success, including health. Children must be healthy to learn, and children with cavities are not healthy. Baby teeth are not just teeth that will fall out. Children need their teeth to eat properly, talk, smile, and feel good about themselves. Children with cavities may have difficulty eating, stop smiling, and have problems paying attention and learning at school.

Parents or guardians must have their child's oral health assessed by May 31 of the student's first school year (kindergarten or first grade). Assessments within the 12 months before the child enters school also meet this requirement. The assessment must be done by a licensed dentist or licensed or registered dental health professional. [EC 49452.8]

📋 Vision and Hearing Screening

An authorized person will check your child's vision and hearing upon enrollment (unless the student enters the District in grade 4 or 7) and in grades Kindergarten, 2, 5, 8 and 10. These tests will/may be administered unless you annually present to the school a certificate from a physician or optometrist verifying prior testing, or submit a letter denying consent. [EC 44878, 49451, 49452, 49455; ne]

📋 Assistance with Medication

The parent or legal guardian of any pupil taking medication on a regular basis must inform the school nurse of the medication being taken, the current dosage, and the name of the supervising physician. With the consent of the parent or legal guardian, the school nurse may communicate with the physician and may counsel with the school personnel regarding the possible effects of the medication on the pupil.

Administration of Prescribed Medication for Pupils

Any pupil who is required to take, during the regular school day, medication prescribed by a physician or surgeon, may be assisted by the school nurse or other designated school personnel or may carry and self-administer auto-injectable epinephrine or inhaled asthma medication if the school district receives both a written statement of instructions from the physician detailing the method, amount and time schedules by which such medication is to be taken and a written statement from the parent or guardian requesting the school district assist the pupil with prescribed medication as set forth in the physician statement. [EC 49423, 49423.1]

📋 Notice of Emergency Treatment for Anaphylaxis

Anaphylaxis is a rapid, life-threatening severe allergic condition requiring immediate treatment. Therefore, SMMUSD has adopted a policy for giving life-saving epinephrine to students in need of such treatment. This policy states that credentialed, licensed school nurses or trained, unlicensed school staff under the direct or indirect supervision of the credentialed school nurse, may administer epinephrine in the form of an auto-injectable epinephrine during a severe, life-threatening, allergic reaction.

📋 Sun Protection

Students when outdoors can wear sun protective clothing, including, but not limited to hats. [EC 35183.5] Students may also apply sunscreen during the day without a doctor's note or prescription. [EC 35291, 35294.6]

📋 Medical and Hospital Insurance for Students

The district DOES NOT provide insurance on individual students. However, you may purchase accident insurance through the district for medical and hospital services covering your child. The insurance provides coverage for your child while on school grounds or in school buildings during the time your child is required to be there because of attendance during a regular school day of the district; or while being transported by the district to and from school or other place of instruction; or while at any other place as an incident to school-sponsored activities. The school district assumes no liability for accidents to pupils at school. [EC 32221.5, 49472]

Under state law, school districts are required to ensure that all members of school athletic teams have accidental injury insurance that covers medical and hospital expenses. This insurance requirement can be met by the school district offering insurance or other health benefits that cover medical and hospital expenses. Some pupils may qualify to enroll in no-cost or low-cost local, state, or federally sponsored health insurance programs. [EC 49471]

Enrollment in a Health Care Plan

All children enrolling in kindergarten, first grade, or transferring into the district and their families must be enrolled in a health care plan. There are several options for getting a health plan; through an insurance agent, or low cost provider such as Medi-Cal and Covered California at (800) 300-1506 or online at www.coveredca.com. [EC 49452.9; PPACA]

School-Sponsored Athletics

If student participates in school-sponsored athletics other than regular physical education or an athletic event during the school day, parents/guardians and the student athlete are required to; (1) complete a concussion awareness form annually, and (2) sign an acknowledgement that CIF cardiac arrest information posted on the California Department of Education website was read. If a student participates in an athletic activity governed by the CIF, the school shall collect and retain a copy of the sudden cardiac arrest information sheet. [EC 33479, 49475]

Concussion

A concussion is a brain injury that can be caused by a bump, blow, or jolt to the head, or by a blow to another part of the body with the force transmitted to the head. Even though most concussions are mild, all concussions are potentially serious and may result in complications including prolonged brain damage and death if not recognized and managed properly. A school district, charter school, or private school that elects to offer an athletic program must immediately remove from a school-sponsored athletic activity for the remainder of the day an athlete who is suspected of sustaining a concussion or head injury during that activity. The athlete may not return to that activity until he or she is evaluated by, and receives written clearance from, a licensed health care provider. If the licensed health care provider determines the athlete has a concussion or head injury, the athlete shall also complete a graduated return-to-play protocol of no less than 7 days in duration under the supervision of a licensed health care provider. On a yearly basis, a concussion and head injury information sheet must be signed and returned by the athlete and the athlete's parent or guardian before the athlete initiates practice or competition. This requirement does not apply to an athlete engaging in an athletic activity during the regular school day or as part of a physical education course. [EC 49475; ne]

Casts, crutches, wheelchairs

This district often seeks funding to support student programs; the district qualifies for Tobacco Use Prevention Education (TUPE) grant money. Money for the grant comes from Proposition 99 (1988) that added a 25¢ tax on each pack of cigarettes. In grades 6-12, TUPE funds support health education efforts aimed at the prevention and reduction of tobacco use by students and provide intervention and cessation services to students currently using tobacco. All recipients will adopt tobacco free district policies as well as post "Tobacco Use Is Prohibited" signs at all property entrances. [HSC 104350, 104420, 104460]

High school athletes must sign a pledge they are not using steroids illegally or they will not be allowed to participate. Parents must sign a form notifying them of the restriction. [EC 49033, 60041; HSC 11032]

● SMMUSD Guide to Addressing Complaints

The Santa Monica-Malibu Unified School District (SMMUSD) Board of Education is devoted to providing the best possible education for all of our students. In particular, the SMMUSD:

- is dedicated to providing safe, secure, thriving school environments that promote respect for individuals, principles of fairness, and a sense of belonging;
- is committed to equal opportunity in education for all individuals regardless of race or ethnicity, color, ancestry, nationality, national origin, ethnic group identification, age, religion, marital or parental status, physical or mental disability, sex, sexual orientation, gender, gender identity, gender expression, genetic information, or an individual's association with a person or group with one or more of these actual or perceived characteristics;
- views the "Williams Settlement" (which grew out of a lawsuit to ensure access to textbooks and instructional materials, well-maintained school facilities, and students being taught by qualified teachers) and related state legislation as consistent with our mission to provide a quality education to all students;
- is committed to the best possible educational practices and materials to enable all of our students to succeed.

The SMMUSD places great emphasis on hiring well-qualified professional staff and places trust in its employees to advance the District's educational mission. When a concern arises about a particular situation, it is desirable whenever possible to address the concern by approaching the responsible individual, discussing the concern, and trying to find a remedy without requiring formal administrative review. If that does not work, the Board of Education has adopted formal complaint procedures to address student, parent, and community concerns. Every effort will be made to resolve complaints in a manner that advances the educational mission of the SMMUSD.

Due to differences in regulations, there are different forms for different types of complaints. All of the forms are available in the district/school offices and at www.smmusd.org through the link to "Complaints" or "Forms." All completed forms may be mailed, faxed or delivered by hand to the school or the district office.

- If the complaint is directed toward a District employee, and if that complaint regards alleged unlawful discrimination, the individual should file a Uniform Complaint Form. Before filing such a complaint, individuals are encouraged to speak to the employee and/or the immediate supervisor. If the concern is still not resolved, then it should be addressed in writing to the SMMUSD Assistant Superintendent of Human Resources.
- If the complaint is directed toward a District employee and does not involve potential unlawful discrimination, the person should file a Complaint Against an Employee Form. Before filing such a complaint, individuals are encouraged to speak to the employee and/or the immediate supervisor (the principal is the supervisor in all schools). If the concern is still not resolved, then the written complaint should be given to the immediate supervisor of the employee.
- If the complaint concerns inadequate textbooks or instructional materials, a teacher vacancy or an improperly credentialed teacher, or conditions of the facility, then the person should complete a Williams Complaint Procedure Form. The form should be addressed to the SMMUSD Assistant Superintendent of Human Resources.
- If the complaint concerns instructional materials to which a parent or community member objects, then the parent may file a Citizen's Request for Reconsideration of Instructional Materials Form. The form should be addressed to the SMMUSD Superintendent.
- To file a complaint regarding a district employee or other person suspected of child abuse or neglect, parents/guardians may file a report by telephone, in person, or in writing with the police or sheriff's department, or by calling the Los Angeles County Child Protection Hot Line at 800-540-4000. If a parent/guardian makes a complaint about an employee to any other employee, the employee receiving the information shall notify the parent/guardian of procedures for filing a complaint with the appropriate agency. The employee also is obligated to file a report himself/herself using the procedures described above.

● Complaints Regarding Discrimination, Harassment, Intimidation, Bullying, Exceptional Needs Students, Categorical Programs, Federally Funded Programs

The district shall follow uniform complaint procedures when addressing complaints alleging unlawful discrimination, harassment, intimidation, or bullying against any protected individual or group identified under Board Policy, Education Code, California Code of Regulations, Penal Code, or Government Code including actual or perceived sex, sexual orientation, gender, gender identity, gender expression, ethnicity, race, ancestry, national origin, religion, color, mental or physical disability, age, or on the basis of a person's association with a person or group with one or more of these actual or perceived characteristics in any district program or activity that receives or benefits from state financial assistance.

The District shall promote programs that ensure non-discriminatory practices in all District activities. If you want further details in this regard, or wish to file a complaint, please contact the District's Uniform Complaint Officer. The Governing Board designates the following compliance officer(s) to receive and investigate all complaints and ensure district compliance with law:

Complaints Regarding Student Fees, Deposits or Other Charges

The district shall follow uniform complaint procedures when addressing complaints alleging the District's failure to comply with the prohibition against requiring students to pay fees, deposits, or other charges for participating in educational activities. [BP 1312.3, 3260]

District's Uniform Complaint Process

You may contact your school's office or the District office to obtain a free copy of the district's complaint procedures. The complaint procedure can be used for a variety of issues not mentioned above including but not limited to employee issues and policies and procedures of the district. Confidentiality and privacy shall be respected in all complaint investigations. Complaints alleging discrimination may be filed by a person on their own behalf or on behalf of another person or group of people within six months of the occurrence or when facts became known. Complaints regarding a special needs student or pupil fees may be filed within 12 months of the occurrence. Complaints regarding LCAP may be filed anonymously. Complaints regarding Pupil

Fees may be filed anonymously and with the principal. If a complaint regarding LCAP or pupil fees is valid, then the parents are due full reimbursement. Staff has been trained to deal with these types of complaints.

Those complaining (Complainants) are protected from retaliation and their identities are confidential when related to discrimination. Staff dealing with complaints are knowledgeable about the laws and programs they are investigating. The complaint may be dismissed if complainant obstructs or does not provide all information. If the District acts in the same manner, the finding may be affected.

1. Complaints made under this procedure shall be directed to the Uniform Complaint Officer who is responsible for processing the claims. A complaint under the Uniform Complaint Procedure should be completed within 60 days from the receipt of the complaint unless the complainant agrees in writing to extend the timeline.
2. You may contact the UCP Officer to obtain a copy of the complaint process.
3. You may choose to have your complaint mediated.
4. There shall be an investigative meeting after receiving the complaint.
5. The compliance officer shall send a written report about the investigation and decision.
6. If you are not satisfied with the results the complainant has 15 days of receiving the LEA decision, to appeal to the California Department of Education. The appeal must include a copy of the locally filed complaint and a copy of the LEA decision.
7. There is nothing in this process to preclude a complainant from pursuing available civil law remedies outside of the district's complaint procedures. Such remedies may include mediation, attorneys, and legal remedies. Civil law remedies may include, but are not limited to: injunctions and restraining orders.

For discrimination complaints, 60 days must elapse from the time an appeal is filed with CDE before pursuing civil remedies except for an injunction. Complaints may also be forwarded to appropriate state or federal agencies in the following cases:
